**NEWSLETTER**

**2022-23**

## PRINCIPAL'S MESSAGE

With the changing scenario of higher education in the country, particularly after promulgation of the National Education Policy, 2020, a higher educational institution like ours has a lot of new things to be prepared for so as to keep itself in tune with the changes. An overnight change of an institution is not quite possible, of course, though the time demands it, but somewhere there has to be a beginning. This newsletter is going to reflect our endeavours to have this much desired beginning, which will one day make us keep pace with the time.

We would like to extend our sincere gratitude to the editorial board, our honourable principal and vice-principal, as well as all the faculty and staff who have supported us with their valuable input and suggestions during the editing process.
